12.3 Feasibility Study for Heating of Collie Mineworkers Memorial Swimming Pool

Reporting Department:	Corporate Services
Reporting Officer:	Allison Fergie – Director Corporate Services
Accountable Manager:	Allison Fergie – Director Corporate Services
Legislation	N/A
File Number:	CPR/032
Appendices:	Yes – Appendix 3
Voting Requirement	Absolute Majority

Report Purpose:

For Council to consider the replacement of the existing heating system of the Collie Mineworkers Memorial Swimming Pool, including consideration of a range of available heating systems such as solar, electric, geothermal, etc.

Officer's Recommendation:

That Council by ABSOLUTE MAJORITY:

- 1. Seek independent advice in the form of a feasibility study to ascertain the most suitable alternative heating solutions available for the 50-metre pool;*
- 2. Provide a budget of up to \$30,000 ex GST towards the project with funds to come from the Swimming Pool Heat Pump reserve; and*
- 3. Staff to present a report to Council after the study is complete.*

Background:

The Collie Mineworkers Memorial Swimming Pool has been extensively refurbished with the exception of the heating system for the main pool. During the refurbishment a solar system was installed for the heating of the leisure pool.

The current heat pumps that service the main pool are approaching the end of their useful life. They were installed in 2006 and over the last two summers have required significant maintenance.

A pre-feasibility document [Appendix 3] has been provided free of charge to the Shire of Collie by Subthermal, a company that has designed numerous geothermal systems in WA which operate successfully under similar conditions to those found at the Shire of Collie. The document provides an initial view to the viability of the incorporation of geothermal, geo-exchange or ground source Heating, Ventilation, Air Conditioning (HVAC) technology for the Collie pool and recommends that a full feasibility study be undertaken.

Statutory and Policy Implications:

SHIRE OF COLLIE
AGENDA - ORDINARY MEETING OF COUNCIL
Tuesday, 23 January 2018

N/A

Budget Implications:

Council has established a Swimming Pool Heat Pump Reserve which currently has a balance of \$138,659. The reserve was established to distribute the impact of replacing the swimming pool heat pumps. It is proposed that the funding for the feasibility study would come from this reserve at an estimated cost of \$30,000-35,000.

The maintenance costs of the existing heat pumps over the last two financial years has been \$17,865.

Utilities at the pool cost \$121,186 in the 2016/17 financial year.

Communications Requirements: (Policy No. CS 1.7)

Staff to seek quotes from appropriate consultants to undertake the feasibility study.

Strategic Community Plan/Corporate Business Plan Implications:

Goal 1 Our Community A thriving, supportive and safe community

Outcome 1.2: Participation in sport, recreation and leisure opportunities.

Strategy 1.2.1: Provide and promote sport, recreation and leisure facilities and programs.

Action 1.2.1.2 Revitalise Collie Mineworkers Memorial Pool precinct

Relevant Precedents:

Council has previously commissioned feasibility studies for major projects.

Comment:

It is considered timely to investigate alternative heating solutions for the pool as the existing heat pumps are not only approaching the end of their useful life, but are expensive to maintain and operate.

Newer technology is expected to be able to provide savings in operational costs, particularly in utilities, as well as provide an improved heating solution that could extend the opening season for the pool.

The feasibility study would also be required to provide information as to how the recommended solution may relate to the potential for an indoor heated pool facility at the site.

13. DEVELOPMENT SERVICES REPORTS

13.1 Tender 11/2017 – For the Design and Construction of Ablutions and a Waste-Water dump point at the Truck Stop at Eddie Woods memorial park on Throssell St Collie

Reporting Department:	Development Services
Reporting Officer:	Les Crake –Manager Building Services
Accountable Manager:	Andrew Dover – Director Development Services
Legislation	Local Government Act 1995 and Local Government (Functions and General) Regulations 1996
File Number:	CMG/229
Appendices:	Yes – Appendix 7A
Voting Requirement	Simple Majority

Report Purpose:

For the Council to:

1. Award the tender contract (in part) to Modus Australia for the design and construction of ablutions and wastewater dump point at the truck stop at Eddie Woods memorial park on Throssell St Collie
2. Authorise the Building Services Manager to engage a plumbing contractor to organise the wastewater and water service for the building works at the same location.

Officer's Recommendation:

That Council:

1. *Award the contract to Modus Australia for the design and construction of ablation facilities and a waste water dump point at Eddie Woods park for the amount of \$94,910 ex GST.*
2. *Authorise the Building Services Manager to engage a plumbing contractor to connect/organise the wastewater and water service for the toilets and waste water dump point.*
3. *Raise loan funds of \$75,000 over a 10 year term at the current WA treasury rate to complete the project.*

Background:

At its meeting of the 12 July 2016, Council resolved to authorise “*the CEO to develop a proposal inclusive of indicative costings for a new toilet block in Throssell Street at the east end truck bay and report back to Council with a view to constructing the toilets by way of loan funds or other funding sources.*”

SHIRE OF COLLIE
AGENDA - ORDINARY MEETING OF COUNCIL
Tuesday, 23 January 2018

At its meeting of 11 July 2017, Council carried motion 7496

3. *that funding for the new Toilet Block and Dump Point for Throssell Street and the Disabled Toilets at the Caravan Park be raised by way of a loan if grant funding is unsuccessful.*

Accordingly, Council staff developed a detailed design and costings for the project and acquired grant funding for the project to a value of \$75,000. Council will now need to fund the remainder of the project (\$74,131) through a loan to ensure the project completion.

The Shire of Collie will receive funding toward the design and construction of ablutions and a waste-water dump point at the truck stop at Eddie Woods memorial park on Throssell St Collie. The facility will be a 24 hour/7-day facility available to the general public to replace the aging Throssell Street toilets in front of Station Motors.

A tender for the design and construction of ablutions and a waste-water dump point at the truck stop at Eddie Woods memorial park on Throssell St Collie was advertised in accordance with requirements and closed on the 7 December 2017, with Modus Australia submitting the only tender. Whilst the tender received was for the toilet facility and dump point only, it did not include connection to a wastewater system.

Consequently, the Shire will need to connect this building to a wastewater treatment system and water service which will pose some difficulty due to the proximity of these services.

Statutory and Policy Implications:

Tendering for this supply contract was undertaken in accordance with the Local Government (Functions and General) Regulations 1996. Part 4 – Tenders for Provision of Goods or Services.

CS 2.7 Tenders, Quotations & Price Preference Policy

Budget Implications:

The funding required for this project is \$149,131.00 excluding GST. The tender from Modus Australia is \$94,910.00 excluding GST. The connection to the required services and installation of wastewater treatment systems are anticipated to be approximately \$54,221.00 excluding GST.

A loan of \$74,131 excluding GST will be required to complete the project. A loan of up to \$150,000 was identified in the 17/18 document to fund this project.

Communications Requirements:

Policy No. CS 1.7

SHIRE OF COLLIE
AGENDA - ORDINARY MEETING OF COUNCIL

Strategic Plan Implications:

Outcome 3.4:

Council buildings and service related assets that support community needs.

Strategy 3.4.1:

Ensure public buildings, facilities and public amenities are provided and maintained at an appropriate standard.

Relevant Precedents:

Nil

Comment:

Tenders closed on 7 December 2017 and one tender was received and deemed to be acceptable although it did not cover the full scope of works. The works proposed are within the expected price range and budget. As the building will be prefabricated it will be quick to install and can be located with a minimum of disruption to the truck stop and carpark.

It is considered important that this building be constructed to the Building Code of Australia and applicable standard and that there be a minimum of disruption to the truck stop and carpark in the process. The tender should satisfy these requirements.

SHIRE OF COLLIE
AGENDA - ORDINARY MEETING OF COUNCIL
Tuesday, 23 January 2018

10. *The home occupation must ensure that the premises are kept free from rodents, cockroaches, flies and other vectors of disease; and provide in and on the premises effective means and methods for the eradication and prevention of rodents, cockroaches, flies and other vectors of disease.*
11. *The home occupation must:*

12. *The home occupation approval is valid only while the applicant remains an occupant to the property.*
13. *The home occupation approval is awarded to the applicant only and does not run with the land.*

Background:

The occupant, Jason Corradetti, has applied to operate a meat processing home occupation from 16 Chapman St Collie. Jason wishes to secure a tender with Department of Biodiversity, Conservation and Attractions – Parks and Wildlife Service to supply them with Kangaroo meat for bait for noxious animals such as foxes. The proposal was advertised to neighbouring properties, all of which submitted objections based mainly around odour and negative impact on property prices. Pursuant to this, further information and amended plans were requested to address the concerns raised in the submissions. The Department of Health was consulted and confirmed that the proposed meat processing was not an abattoir as the animals are not slaughtered onsite. The Department of Health also advised that the proposed meat processing was similar to a butcher or pet meat establishment. The proposed meat processing does not fall within the definition of ‘offensive trade’ as defined within the Health (Miscellaneous Provisions) Act 1911. All planning related concerns have been addressed by the applicant and Planning recommends approval subject to conditions.
