

Candidate Details

District	Shire of Collie
Candidate Name	Brent Thomas WHITE
Ballot Paper Name	WHITE, Brent
Nominating for	Councillor
Election Type	Ordinary

WHITE, Brent

Firstly, I would like to commend the current Councillors on their drive to improve and grow with the Collie economy. Having lived my whole life in Collie and now experiencing what the region offers with my young family, I truly believe Collie is on-track to bigger and better things.

I'm nominating for Councillor as I'm eager to contribute, ensuring there is a voice for the community. I work in the building sector and have been employed in small business for 17 years. I believe with the right support small business can thrive, as a current Executive Member of the Collie Chamber of Commerce and Industry I have been privileged enough to participate in making this happen.

The sustainability of business which will support future employment opportunities will be a priority of mine and with collaborative communications across community, industries and stakeholders, I believe we can achieve great things.
