

EXPRESSIONS OF INTEREST – PROCUREMENT OF OLD TIMBER FLOORING FROM MINOR SPORTS HALL AT ROCHE PARK

The Shire of Collie invites expressions of interest from not-for-profit community groups and associations located within the Shire of Collie for procurement of approximately 600m² of used timber strip flooring and associated joists to the minor sports hall at Roche Park Recreation Centre.

Submissions can be made for all, or a quantity of, the used timber floor. The timber sections are comprised of 19mm thick by 60mm wide jarrah tongue and groove floor boards, top nailed to 40mm x 60mm wide hardwood joists.

The used flooring being the subject of this EOI will be cut into 1900 x 1900mm sections (comprising the tongue and groove boards still nailed to the joists) by the contractor carrying out flooring replacement works, being Aura Sports Pty Ltd, and removed from within the minor sports hall at Roche Park Recreation Centre.

The contractor will place these sections on end into bins ready for transportation in a location external to the building, with works commencing on the 10 August 2020. The contractor can transport bins to a successful tenderers location. The successful tender/s will be responsible for removing the 1900 x 1900mm sections from the bin and any additional charges if bins need to be cleaned out/emptied after removal of timber sections. Bins will need to be returned to site once flooring is removed.

Submissions made can be for all, or a quantity of, the old timber floor and are to include:

- Name of user group or association responsible for the submission;
- Intended purpose for the 1900 x 1900 sections of timber; and
- Method of removing the stacked of flooring to ensure Worksafe obligations are met.

No cost bids are required to be included with submissions.

Submissions are to be directed to Scott Geere, Manager of Building Services via email at scott.geere@collie.wa.gov.au, or over the front counter at the Shire of Collie Administration Centre. Submissions closed on the 7th August 2020. For any queries please contact Scott Geere on (08) 9734 9017.
