SMITH, Michelle

I have a vast knowledge of business and management as demonstrated by lecturing at Collie and Bunbury TAFE in Business, Accounting and Communications as well as being Academic Manager of the Collie TAFE Campus for many years before moving into private enterprise. I have for the past 19 years owned and operated Auto One Collie in partnership with my brother Greg Smith. Collie in this time has developed into a vibrant, friendly, commercially viable hub that is prospering by the influx of new residents, businesses and visitors. My passion is for the future of Collie. If elected for a further term, I will work hard to promote and improve our community. Honesty and dedication to a goal are my drivers. At all times I have endeavoured to do my best and represent the community of Collie.
