WOODS, Rebecca

I love Collie and have lived here all my life, done lots of travelling around Australia. I'm 41, married with 2 kids, whom have left to pursue education and career opportunities. I want to ask you to vote for me so I can be part of the conversation as a leader for our community to speak for you. I am passionate, hardworking and committed to being part of the team that is a position to discuss where our town is transitioning to. I am committed to diversifying our economy to support growth in jobs, education and continue to grow our elderly services. Most of all communicating what is happening around our town to our people. My commitment to you is to listen, take part and show up to meetings, be part of the conversation and discuss the view that is portrayed to me within the community.
